

# Countdown to changes to your waste and recycling service.

Dear Resident,

Your waste and recycling services are undergoing a number of changes over the coming weeks. To help you prepare for these changes:

- We are offering a special, one-off collection for all three of your bins on your normal bin day, in the week of 22-26 February. This will ensure all three bins are empty and ready for the changeover; and
- You will find enclosed a Bin Day Calendar. It shows your new bin day as well as your updated fortnightly yellow and green bin cycle. With new routes, trucks and drivers, the time of day your bin is emptied may also change, so be sure to put your bin out the night before.

Also included is a copy of the new **Waste and Recycling Service Guide**, where you'll find information on topics including correct bin usage, how to recycle items that can't go in your yellow bin, reusing items, composting and much more.

## Finding more information

The countdown is on, with just one month before the change kicks in. For more information to help you prepare:
